STAY IN MAY, WE'LL BRING THE WORLD TO YOU! Entering the Third Season of ArtsNaples with the Culture of Italy

The 2014 ArtsNaples World Festival joyously celebrates the cultural arts of Italy! Throughout unique multiple venues, ArtsNaples presents chamber music, opera, symphony, fashion, gourmet cuisine and art exhibitions. Opening with a Venetian Carnevale Masquerade Gala and ending with symphonic virtuosity, ArtsNaples combines the best of the arts in Naples with amazing talent from around the globe. Over a period of ten days, ArtsNaples will host some

thirty events representing a significant range of cultural activities.

Crucial to the mission of ArtsNaples is the design of special arts education initiatives. These have touched thousands of young lives and have brought many hundreds of children to their first classical or jazz performance. By bringing International orchestras, chamber groups and individual performers into the schools, ArtsNaples has shown students how the arts inspire and enrich their lives.

ArtsNaples has been presenting performances since 2010 when they sponsored the appearance of the Odessa Philharmonic Orchestra from Ukraine. Since then, ArtsNaples has reached out to an audience of almost twenty thousand with the first two festivals, and continues to expand with year round events. ArtsNaples not only has deep roots in the community, but also throughout the world through its partnerships with Opera Naples, the von Liebig Art Center, Collier County Public Libraries, Artis-Naples (formerly "The Phil"), the Sugden Community Theatre, Naples Botanical Garden, Collier County Schools, FGCU, the Curtis Institute, the Carnegie Academy, the Golisano Children's Museum, Naples International Film Festival and many others. ArtsNaples is proud to enhance and expand the local, regional and international reputation of Naples, Florida, as a special destination for the cultural arts.

2014 EDUCATION PROGRAM HIGHLIGHTS

Artistic Director **Maestro William Noll**, Education Board Chair **Merlin Lickhalter**, and Director of Education **Judy Evans** plan to actively engage Southwest Florida's young residents in the art, culture, and excitement of the **2014 ArtsNaples World Festival**. Students aged four to twenty years old are invited to special events —just for them— that are scheduled throughout the Festival, as facilitated by Judy Evans and Linda Cummings.

AIZURI STRING QUARTET

to perform and interact with over 950 orchestra students in Collier County. During the Festival the Aizuri String Quartet will perform two interactive assemblies and masterclasses for over 950 middle and high school orchestra students. All of the orchestra students from seven middle schools and five high schools in Collier County will be attending these programs. Later that day the quartet will be sharing their expertise through masterclasses with string quartets from local high schools. These extraordinary educational programs present high quality world culture programs that inspire and motivate students while providing interactive sessions for music students and their teachers.

Our goal is to show students how their lives are enriched through participation in the arts. By bringing students and teachers together with visionary and passionate individuals and organizations in the arts we have an opportunity to inspire and impact the lives of young people.
